

Unit-rate service order

Term and identity

Unit-rate service order: Physical security services. Supplier Kestrelune Site Protection; buyer Meridian Vale Financial Group. Original fictional terms. Annual scope is delivered in approved work packages during the multi-year term.

Field	Synthetic value
Framework / order	FA-014 / ORD-014
Contract / SOW	CTR-014 / SOW-014
Supplier / vendor ID	Kestrelune Site Protection / V-014
Customer	Meridian Vale Financial Group
Service / owner	SVC-014 / Physical security owner (OWN-014)
Commencement / expiry	2025-01-01 / 2027-01-16
Renewal notice deadline	2026-10-18 (90 calendar days before expiry)
Renewal mechanism	12-month automatic extension unless timely notice
Commercial model	Measured unit rates
Contacts	v-014@example.com; owner-014@example.com
Service locations	US-East workplace sites
Version / as-of	2.0 / 2026-09-28

Order precedence for this invented pack: an approved change note overrides only the provisions it identifies; then this SOW, its named schedules and the fictional framework apply. Ambiguity is referred to the commercial owner.

Unit-rate service order (continued)

Unit-rate pricing and ordering

Invoice approved delivered units against the stated rate card. Forecast quantities are estimates, not minimum guarantees. Reject duplicate or unverified units.

Annual commercial baseline	USD / rule
Forecast / base	\$1,000,000.00
FY2025 actual	\$1,080,000.00
Approved uplift ceiling	\$80,000.00
Payment terms	Net 60 days; Monthly in arrears
Workforce allocation	18 billable assignments + 0 non-billable shadows

Unit	Forecast annual quantity	Unit price
guard-hour	40000	\$25.00

Any indivisible-cent remainder is reconciled on the final annual invoice.

FY2025 invoice summaries are monthly allocations. Gate funding, accepted units or approved timesheets determine entitlement; forecast is not a minimum purchase. Positive adjustments need CCN-014-2025; negative variances reflect reduced authorized scope or quantities.

Resource allocated monthly fees are cost attribution only, not the contractual rate card or salaries. Forecast excludes tax. The annual baseline is not total multi-year contract value.

Unit-rate service order (continued)

Unit-rate scope and acceptance

In scope: Staff security posts; record incidents; manage authorized visitor procedures.

Excluded: Cybersecurity monitoring and law-enforcement powers.

Output	Specific acceptance test
Guard coverage	All 18 contracted posts covered for approved shift hours
Visitor screening	100% of sampled visitor entries have authorization and sign-out
Incident reporting	Every incident entered within 30 minutes with escalation evidence

Required delivery roles: Security supervisor, Licensed guard, Control-room operator.

Cadence: Monthly ordering and evidence review; quarterly scope review. The annual quantity or roster baseline is reconciled at year end.

Acceptance: Physical security owner reviews evidence within ten business days. Written deficiencies require correction and retest. Silence is not acceptance.

Unit-rate service order (continued)

Commercial and control terms

Renewal: the current term ends 2027-01-16. Notice is due 2026-10-18; the notice requirement is 90 calendar days. Automatic renewal applies only if no timely notice is received.

Convenience termination: 60 calendar days written notice. An early exit fee of 0 monthly base fees applies only to a convenience exit before term end. Transition services require an approved scope and must not be assumed free.

Schedule 3 service levels: see V-014_sla_risk_pack. The main service target is 98.0% monthly approved guard hours covered. A material incident requires notification, restoration coordination and a written cause/remediation record. Credits are estimates until validated under the service schedule.

Data and access: use least-privilege access, approved locations and documented retention. This dataset contains only artificial records. No actual customer, payment card, credential or protected personal data is included. Any proposed expansion of data processing requires review before access.

Continuity and exit: maintain current process or application maps, tested fallback instructions and named owners. Provide an inventory and reversible knowledge-transfer plan before transition. No alternative supplier is deemed interchangeable solely because capability keywords match.

Special condition: business acceptance and location/process coverage must be checked before consolidation.

Approval record: customer role Physical security owner and supplier role Service Director are the intended approvers. Signature fields are deliberately not executed. All acceptance and governance states in the dataset are fictional fixture states.
